ADVERTISING DEPARTMENT.

The Athol Transcript,

THE FAVORITE LOCAL FAMILY JOURNAL.

AN EIGHT PAGE, 48 COLUMN PAPER,

containing, each issue, about 30 columns of choice, well selected, wholesome reading. All the news from Athol and surrounding towns, done up every week in a crisp, entertaining style. Stories, Sketches, Poetry, Agricultural information, brief, pointed editorials, and an abundance of general miscellaneous reading furnished every week.

Says the SPRINGFIELD REPUBLICAN:

"The Athol Transcript is one of the best of the Model Western Massachusetts weekly papers. It is edited with intelligent tact and real newspaper ability. Athol shows her good sense in appreciating so excellent a home institution."

The BOSTON HERALD, March 24, 1882:

"The Athol Transcript is one of the ablest organs of public opinion to be found in the rural press of Massachusetts."

We could fill several pages like this with similar testimonials.

Reaching all classes of people, and read by all, the Transcript has NO SUPERIOR AS AN ADVERTISING MEDIUM.

The Patent Crystal Board.

It has the **best surface** ever offered for a Blackboard; it grows better by use and will not wear out.

It is cheaper than wood, and it has **no coating on the surface,** hence will never need repair.

It can be rendered perfectly **dustless** by the use of a damp eraser, as water does not injure it, even when constantly applied.

Those who have thoroughly tested its merits speak of it as follows:

Biddeford, Maine, Nov. 3, 1884.
I do not hesitate to pronounce the Crystal Blackboard by far the best board now before the public. B. P. SNOW, Supt. of Schools.

Worcester, March 4, 1885.
I have thoroughly tested the Crystal Blackboard and am ready to advise its use in all cases where the most uniform and durable surface is desired. It is, without doubt, "the best."
A. J. KIMBALL, Prof. of Physics, Worcester Free Institute.

Lewis Grammar School, Boston, Jan. 25, 1886.
After using a variety of Blackboards, including the Vermont Slate, I consider the Crystal Blackboard, made by J. L. Hammett, superior to all others, on account of its color, durability, fineness and uniformity of surface. CHAS. F. KING, Sub-Master.

Quincy, Mass., June 8, 1885.
I bought of you a Patent Crystal Blackboard about one year ago. I have used it continually since that time and regard it as perfect in every particular. SYLVESTER BROWN, Teacher.

98 Boylston St., Boston, May 9, 1887.
In my twenty-five years of teaching I have met with no other Blackboard at all comparable with your "Crystals." They excel all others in perfection of surface, almost absolute freedom from dust, and in durability. W. N. EAYRES, Prin. Select Classical School.

Full description, special prices and directions for setting, furnished on application.

J. L. HAMMETT, 24 Cornhill, Boston.

MASSACHUSETTS MUTUAL AID SOCIETY, of Fitchburg, Mass. Office, 210 Main St.

Incorporated under Mass. Laws, Feb. 19, 1879.

An organization for mutual benefit, providing for its members mutual life insurance at actual cost, under the supervision of the Insurance Commissioner. It is on a sound and permanent basis. Its object is to place within the means of the humblest person, a plain, simple system of AID and PROTECTION.

More than $100,000 has been paid to beneficiaries of deceased members; most of those receiving these benefits were widows and their children, whose whole reliance depended upon the sum received from this society for support.

"None equal to yours."—A. G. Boyden, Bridgewater.
"Best we have ever had."—F. Louis Soldan, St. Louis, Mo.
"Best by all odds."—William T. Harris, Concord.

State Normal School, Salem, Mass., March 11, 1884.

Mr. J. A. Swasey, 35 Pemberton Sq., Boston:

Dear Sir:—Thirteen years ago you furnished the State Normal School with about three thousand square feet of blackboard surface. The work has proved perfectly satisfactory in every respect, and is to-day as good as when first used. I have not seen any other blackboard surface which I value as highly as that furnished by Mr. Swasey.

D. B. HAGAR.

We have several wooden boards with your coating which have been in constant use nearly eighteen years, and are in every way as good to-day as ever. I take pleasure in commending to teachers and school committees SWASEY'S BLACKBOARDS, as not only the best in the market, but as a perfect article all that can be desired for this important adjunct of a good school.

Very respectfully, WILLIAM A. MOWRY,
Senior Principal English and Classical School.
40 Snow St., Providence, R. I.

COL. PARKER'S OPINION:—"In my experience, J. A. Swasey is the only man who knows how to make a blackboard."

F. W. PARKER,
Formerly Superintendent Schools, Quincy, Mass., Supervisor of Boston Schools, Now Principal Cook County Normal School, Illinois.

J. A. SWASEY, 35 Pemberton Square, Boston,

Manufactures the best quality of **BLACKBOARD ERASERS** and will sell them at the lowest possible prices. These goods are made of the very best material and will wear well and give entire satisfaction and the prices for them are very low.
